## Synopsis

Dr. Emma Rothenberg is the most feared professor at Overland University because of her failure rate. Laramie "Ramie" Sunderlund is a senior art major, desperate to earn three lousy English credits to graduate. Thrown together in a battle of wills, the two women grudgingly establish a measure of respect for one another during one long semester. Emma is a lonely woman of forty-five who occasionally risks her career with dangerous liaisons. Ramie faces unwanted advances from Rothenberg's graduate assistant, resulting in an assault that threatens her future as a sculptress. Relieved when the semester ends and Ramie leaves to recuperate at home, Emma is suddenly faced with the fact that she misses the blonde with curly blonde hair and deep blue eyes who occupied an aisle seat on the third row. She was also a young woman half her age, virtually a child. The notion of anything between them is ridiculous. When Ramie returns to the university as a graduate student, Emma is shocked to find herself being actively pursued by the much younger woman. Against the objections of parents, friends, and colleagues can these two very different women find the happiness both are seeking?

## Customer Reviews

The story was just okay, as it was extremely predictable. It got a little boring in the middle as the utopia that Ramie and Emma were living in seemed to have come too early in the story and lingered a little too long. It felt that the author did some serious editing and it felt that she did that to keep the book under 230 pages. At first, Emma seemed unsure to wanting to have a relationship with Ramie. Then that seemed to have changed in the very next paragraph. I know that lesbians can and do say one thing yet mean and do another, but that change of heart needed more explanation and more depth to the writing. The end also was unbelievable in that Ramie was hurting, yet in one single visit by Emma, she's forgotten the hurt and is returning home with her....incredible change of heart in a few paragraphs. The author could have filled out the book a lot more and so that's the reason for the 3 stars. It was enjoyable but just too short, lacking depth.

What a great book! It kept going and going giving you more and more within each part of the plot(s). The characters were so richly developed and the ending of the story felt just right where it was supposed to be!! Very well done!!!

I enjoyed this one and will probably revisit it again at a later date. Buy it and enjoy the ride.
