Bring Me The Horizon

Synopsis

Something beautiful is on the horizonâ IâI knew better than to believe in happily ever afters.â Divorced and pushing forty, Elliot Lincoln doesnât believe in true love. He has his beautiful beachfront home and his career as a thriller writer to keep him satisfied. When it comes to matters of the heart however, heâs locked himself up and thrown away the key. Itâs not easy to let anyone in when youâve experienced great loss, not to mention keeping the strictest of rules when it comes to intimacy.â Iât doesnât matter whatâs supposed to be right.â All his life, River Davis has felt unwanted. When things inevitably went south between him and his abusive ex-boyfriend, he boarded a train and never looked back. Life in the sleepy New England tourist town of Seabrim was supposed to be a fresh start and a chance to follow his dream of becoming a chef. So when he meets a handsome and seemingly lonely older man, he knows he shouldnât get involved. But when Elliot knocks River off his skateboard during a thunderstorm, itâs kind of hard not to.â You donât have to be alone anymore. Not if youâll let me love you.â Soon they realize it might be more than just an intense physical attraction that draws the unlikely pair to each other. But with Elliotâs constant denial and secretive nature, River canât seem to break through the older manâs walls. When Riverâs past comes calling, could it be Elliot who finally decides to let him in? And could it be that despite the years between them, they might just be able to give each other exactly what they need? Bring Me The Horizon is a sweet and steamy May/December gay romance. It is a full-length novel with no cliffhanger and an HEA.

(5 stars) (5 stars) (5 stars) (5 stars) (5 stars)

(5 stars) (5 stars) (5 stars) (5 stars) (5 stars) Five beautiful stars on the horizon! The taste of nostalgia flows through my veins as I read Lucy Hawkins's best book ever. There is no reason, beyond a shadow of a doubt, that will hold me back from re-reading and enjoying this book over and over again. The love story of Elliot and River was a delicate blend of passion and forgiveness. There was a stem of reality that exuded through words and actions that made this an excellent read. "Some people just don't want their wounds heal." Who doesn't crave happily ever after? Who doesn't want to be encapsulated in one's lover's arms, feeling safe and warm? Elliot was a man suffering. Losing his wife and child kept him in a state of mindless wonder. Hurting, he refused to move on and experience all that life had for him. A writer, he lost himself to his words, hoping one day to awaken from the fog inside his mind. Bring me back to life. River was a 20 year old, full of life but running. From his ex, from his drug addicted mum, from life. Wanting a change, a better way of life, he headed toward the horizon, his dreams as fuel. He ended up in a small beach-side town hoping one day to fulfill his dreams. Meeting Elliot was surreal. The man was twice his age, but wanting. There was a true connect with these two broken men. And though Elliot fought at every turn, River was there to remind him of the sunsets and the reason to love. Save me. I cannot say enough about this book. I highly recommend it to MM readers alike and those who are looking for that pot of gold at the end of the rainbow.
