## Synopsis

The Kai Gracen Series: Book Two Kai Gracen has no intention of being anyone's pawn. A pity Fate and SoCalGov have a different opinion on the matter. Licensed Stalkers make their living hunting down monsters and dangerous criminals... and their lives are usually brief, brutal, and thankless. Despite being elfin and cursed with a nearly immortal lifespan, Kai didn't expect to be any different. Then Ryder, the High Lord of the Southern Rise Court, arrived in San Diego, and Kai's not-so-mundane life went from mild mayhem to full-throttle chaos. Now an official liaison between the growing Sidhe Court and the human populace, Kai is at Ryder's beck and call for anything a High Lord might need a Stalker to do. Unfortunately for Kai, this means chasing down a flimsy rumor about an ancient lost Court somewhere in the Nevada desert—a court with powerful magics that might save Ryder's and Kai's people from becoming a bloody memory in their Merged world's violent history. The race for the elfin people's salvation opens unwelcome windows into Kai's murky past, and it could also slam the door on any future he might have with his own kind and Ryder.

## Customer Reviews

Kai Gracen, part of the fae race, is still trying to make his living as a Stalker, someone who hunts down monsters for SoCalGov, but his life has gotten a bit more complicated. Ryder, of Clan Sebac, Third in the House of Devon, High Lord of the Southern Rise Court, has been given full reign to use Kai whenever his court needs something done that a Stalker can do, and Ryder wants Kai in any way he can get him. However, Kai doesn't want to get close to anyone as he thinks himself as one of the monsters. This time, an archeologist has discovered an old fae court that contains important rituals that Ryder needs help in finding because they will help their race survive. But, the way to the rituals is fraught with danger, and Kai wants to go after the rituals alone but Ryder won't let Kai go into danger by himself with no backup. When the archeologist is murdered before they even leave, Kai knows someone else is trying to get those rituals, and the journey will be even more perilous than expected. Will they get to the rituals first and survive the danger? Or will their enemies triumph over them? I was so impressed with the first book in this series, I was very eager to read this book, the second in the Kai Gracen series. Thankfully, this book lived up to the promise of the first. The descriptions are so vivid, you feel like you are there, and the characters are so well-drawn, you can almost tell how a character is going to react before they do, especially Kai. He is an excellent protagonist with his tortured past, and his feelings of inadequacy make you feel so much for him. You can really feel Kai's love for his friends, but understand why he feels like a monster and why he acts so gruff to everyone. He is just a great character.

Rhys Ford's dark, snarky fae mongrel Kai Gracen is back in *Mad Lizard Mambo* (Kai Gracen, #2) by Rhys Ford and never has a folded, jumbled up world looked so scary or so good. Now unhappily serving as a sort of go-between for Lord Rider and the humans the sidhe are interacting/living with, Kai is once again called in for a favor. One he wants to be paid handsomely for as he desperately needs the money to help out his sick mentor/father figure Stalker.
