So much information. I learnt a lot from this. Not only about a ketogenic diet, b

I never heard about this diet until i read and understand what i does. A good diet in not solution to anything in and of itself, it must be applied as part of a healthy lifestyle in order to see maximum results. Think of the ketogenic diet as the foundation of our new body. If we want to build something truly special on top of it then design our lifestyle with these goal in mind. This book has a lot of delicious recipes to try to start with the ketogenic diet. Almost all are easy to prepare and make so start with these and have a healthy life and living.

Ketogenic diet means forcing the body to burn fats instead of carbohydrates. Getting the body you wanted needs effort from you. But then again, no need to worry because these ketogenic recipes are absolutely delicious aside from being healthy. What I liked about this book is that it contains breakfast, lunch, dinner and the good part, desserts!

This book is not just an ordinary food recipe, but it was designed to help people make the best diet with a positive outcome. What I liked the most about this book is that the author provided the general guidelines and instructions for every meal of the day, namely: breakfast, lunch, dinner and even added desserts for snacks. Also, in each recipe ends with a breakdown of key nutritional information, so someone will not be so conscious of the ingredients but rather will rekindle the love of foods. We don't have to avoid foods, but rather will love it even more. That was so great, wasn't it? Having a healthy body is what everybody wanted. So, this ketogenic diet recipe will surely help everyone to do their diet in healthy ways.

A lot of great information about a wonderful diet that gives you plenty of great foods to choose from. So if you are looking to lose weight and still want to enjoy your meal then this book could be right for you. I got this book to check out a effective meal plan. The diet is very high in fat, very low in carbs and protein since both of these can kick you out of ketosis in excess. The author has demonstrated expertise on this subject. Thank you and enjoy your meal and enjoy your day.

Hmmm. A+++ I can do this and not feel like i'm starving. I never looked into the high fat benefit so this is quite surprising and the recipes...DIVINE! Another gem for our kitchen Library!
