HOW TO GET ABS: FLAT STOMACH EXERCISES (Flat Abs Book 1)

Synopsis

HOW TO GET ABS This ebook will cover a variety of concepts that will teach you how to eliminate fat build up over your stomach and the most practical way. You will learn how to melt fat and become more toned and ripped in your stomach region in no time at all. When your stomach is flat and tight it can actually lift your self-esteem and make you proud and aware of your overall physical condition. There is more to ab weight loss than just exercise; weight loss is just a component of the flat ab process. You can get access to my Free weight loss Video at www.achieveitforyou.com and visit my website for more flat ab tips at www.losingbellyfatmission.com. Thanks for picking up my book. As I said this book will cover the precise ways for anyone, especially women to lose belly fat and drop sizes fast. We will cover flat stomach exercises, how to reduce belly fat, the diet and nutrition associated with it, and machines that will help you with your weight loss goal. Overall Benefit of This Book You will leave this book with a much better understanding of how your body works and how to get rid of unwanted body fat and look sexy again. If you are someone who has struggled with weight loss for sometime you will feel right at home with this read. P.S Please check out my other book series "How To Get Abs"

Customer Reviews

I haven't found a more comprehensive and economical book on ab workouts than this. Most of the movements does not require going to a gym but it does require discipline and a healthy diet. One exercise that I found to really make my power lifts more effective is the vacuum pose. Such an easy movement that can be done while sitting at my desk, shopping, walking, cooking, etc. I'm working on trying at least all the movements in the book so it's something I have to keep referring to.

Good stuff. Really enjoyed this. Lots of pointers.

Legit workouts that target problem areas. It is short and sweet and to the point and the advice works if you do it of course!
