Customer Reviews

I read this through in a few days, though if you're a fast reader you could probably do it in a day. It's a thorough but easy intro to the remedies. I used what I learned here to make drops for my kid and for me that were effective - and I was a little skeptical at first.

I am very happy with this book purchase i made. It gave me all the information I needed to begin my journey with the use of the Bach Flower Remedies.

This book does not have any page numbers.

I like this intro book..it has good information..However, I don't like the format...for me it does not flow

There's a table of contents but no page numbers!
