I just finished reading LK Scott's book MASSACRE'ADE PARTY. Scott hails from hinterland Sunnyside WA USA which isn't all that far, as the crow flies, from hinterland Spokane WA USA (where I've been hold up for quite sometime now). Wherever I am, I always try to check out local talent. For those of you interested in go-go dancers, gays, bis, and drags, with exotic names (i.e. Fabron. DJ Indigo, Orlando, Isis, Ankur, Tee...), caught up in the West Hollywood clubbing scene, including its dope, back-biting, bitchiness, corruption of innocence, murders (yes, more than one), and sex scenes not so graphic that you ever need worry about scaring the socks off some grandma reading over your shoulder in some public place, this book is for you. While I encountered some disconcerting inconsistencies, more toward the ending than the beginning (i.e. Warehouse 223 suddenly morphed into Warehouse 221; a paragraph not indented, a word misspelled, here and there...) -- all of which could likely have been caught and rectified by an editor providing one more

read-through -- I didn't find them too distracting; nor, do I suspect, will you.

This book had been recommended to me by a friend, and I just couldn't wait to get my hands on it. Scott paints a vivid picture of the West Hollywood club life, and the danger that just might be lurking in its shadows. The story is funny when it needs to be, and frightening when you want it to be. I've read the book twice now, and still find it to be one of those stories you can read over and over. I can wait to get my hands on more from this author. I highly recommend this for a fun and frightening summer, or anytime read!

Plot has great potential...but the massive number of typos and lack of editing made for an annoying read. I had to give up midway through in spite of wanting to know more. It was just too frustrating.

The character was totally a 7 year old. I think the writer was stoned. Someone needed to proofread it.
