Prisoner: A Paranormal Yaoi Romance

Synopsis

For as long as Daeron can remember, every day has been exactly the same. The poor dumb beast lives in a dark, disgusting pit. He's only allowed out to fight in the arena for the amusement of the Watchers and then, battered and bloody, the creature is returned to his rank hole. His life is one long misery. He does not think, he does not dream and he certainly does not hope. One day, something new falls down into his pit. It is incredibly small and incredibly beautiful. He decides to keep the tiny creature as his pet and he cares for it just as best as he can. Daeron's love grows and grows and grows until he would do anything to protect his beloved little treasure and that includes seeking out the truth of who and what he really is. ~22,750 words

Customer Reviews

A gorgeous story of a beast transformed by love. I loved the writing here! I thought the story was very inventive and not just a beauty-and-the-beast rehash. A tiny blonde treasure falls into Daeron's pit and suddenly he is having feelings and remembering things that have been denied to him for years. The "tiny thing" has spirit and sputters indignantly when Daeron-beast discovers that he loves to lick and clean him all over. There is some slightly weird dub-con involving the beast's licking; it works within the place and time that they are at and is intended as a caring, tender gesture. This

licking, oral desire carries through the story and forms the basis of some of the sex play between the two. I mention this because there is a scene of felching and some people are squicked out by that. I normally would be but, because of their earlier roles, it seemed somehow a logical extension of things. The story is a great combination of magical, loving, and sexy with a very nice writing style to back it up. This just happened to catch my eye while scanning and I tried it with KU--I immediately bought it for future rereads. I look forward to checking out some of her earlier works!

What a wonderful fairytale...sigh...makes me want a dragon for my mate. This story starts out ugly, dark and gruesome until the "little thing" drops out of the sky and lifts the spirits of the monster and this reader. Hope, joy, laughter and love ooze from the pages and of course, in Amelita style, are infused with sex, perversion and total hotness. This is a true lesson in not judging a book by its cover, both monster and little thing. The characters are so lovable and the sappiness warms my heart and just makes me feel good....oh yeah...did I mention hotness, sex and perversion?? Another job well done Amelita. Thank you!

The book had 1163 locations on my kindle. The book was about a boy, named Anaire and a man, named Daeron. Anaire was an abused slave with no rights or freedom. Daeron was a large monster, who had no hope and no human contact. Daeron spent his time fighting in arenas and living in a dark pit. Anaire was thrown into Daeron's pit as punishment. Daeron, was absolutely amazed and mesmerized by the pretty little thing, which he suddenly held in the palm of his hands. The book contained lots of licking in various and fun places, a bit of blood drinking and some heated oral and anal sex in the end. I liked the fact, that Daeron's love for his little human, gave him the strength, to fight back, leave his prison and become a new man. The characters were ok. Daeron was very protective of his treasure. The book is told thru Daeron's pov.

The writer had (in my opinion) a nice idea, but was too eager to deliver and spent not the time needed into developing more the story. The pace is almost at fast forward and there are no surprises. The sex scene is a bit plain and dull and has no much to offer. All in all, not bad but not the best she could deliver.

I really enjoyed this story. It contains a lot of erotic scenes that are very unconventional, but quite well done. This author continues to come up with interesting scenarios, plots and sex scenes that are not common. I always think I've read every type of sex scene or variations thereof, and yet I'm

continually surprised with her creativity! I personally would consider this story to be more of the fantasy genre than supernatural.

I loved the pace of this book, how it starts out a little slower but with a tinge of hope in there and it works nicely with Daeron's character development as it slowly picks up the pace and races towards the climax. Also adored the lovely little bit of sexiness at the end but how it's kind of there throughout but it's a less sexy, softer feel due to the intentions behind the actions in the beginning. It just makes it feel all the more loving later.

Great short with beautiful love, mythical creatures, and dirty, dirty scenes that makes one question why they thought they could watch TV at the same time. Though the cat wanting to be fed forced me to pause my yaoi consumption. Therefore, cats are evil.

Sexy...sweet...hot and naughty... completely addicting. Definitely a read again for me. One of my favorite stories from this author. Would have loved for it to have been longer.
