## Customer Reviews

I love prison romances, and this one was very well written. If you're looking for steamy prison sex, move on, the sex doesn't happen until the end of the book. I've detracted a little because the book is a little too political at times (I agree wholeheartedly with what's being said, the prison system in the US is modern day slavery, and a DISGRACE TO THE WHOLE COUNTRY, but the way these issues are written about is too blunt and takes you out of the story-which means many readers will

skip these important paragraphs rather than plow through the information!). I will definitely look for more from the author!

I LOVED this novel. The main characters reminded me of Asami Ryuichi and Takaba Akihito from Viewfinder, which is my favourite yaoi manga by the way. ;) No need to mention that I fell in love with both Reid and Micah right away. It was a beautiful and also very informative story about the legal system. I'm sure Amelita Rae researched a lot on the subject before writing this story. Amelita Rae is a new author for me and so far, I absolutely love the way she writes and the stories she tells. I will definitely read more of her amazing and sexy novels. I hope she reads this review. Bravo! Bravo Amelita!

Loved this story...so romantic and inspiring. Reid & Micah were such wonderful complex characters. The writers talent and ingenious turn of phrase made you feel like you were right there with the heroes watching the story unfold. Loved too that Micah was not totally helpless and learned how to take care of himself. Awesome story!! Great background information about the prison system too. Very informative. Thanks Amelita for another fantastic tale!!!

This story is amazing! It is rare that you actually get to learn a lot when reading a yaoi story but this one is full of information and very accurate criticisms of america's flawed justice system. It is a great intelligent read with a lot of amazing fluff and one wonderful and worth the wait sex scene!

I was surprised how much I enjoyed this. I wasn't sure about it by the cover... I'm usually a "judge a book by it's cover" kinda finder... That, with the yaoi, for some reason I thought it was going to be some type of Japanese hentai pornie kinda book...shame on me, it was actually a somewhat educational love story...This author done her research and I didn't know of all the injustice; I've never been in trouble before so I never had to think about even half the things I was educated about in this book. While i found some of it somewhat unbelievable, it wasn't enough to take away from the story. I admired Reid for how he took Micah under his wing, I admired that he didn't do anything with him for the reasons that he didn't and I loved the way they loved each other. It was obvious for Micah but Reid didn't let on until they both got out. My heart broke for Micah in the beginning and for the other guys who were made to be someone's prison wife or do things unwillingly.... I thought that part was gonna bother me, and it did for a second, but when Reid put his hand over Micah's ear to drown it all out.... that was the first time I thought of how easy it would be to fall for Reid.... and i'm

glad Micah did...Overall, great story... very informative and a very happy ending.... I'm glad I gave it a chance!

This story was incredible everything I could want in a book. Amelita managed to suck me in before I even finished the first page. The story was sweet and the characters where endearing, the sexy scene at the end was sweet, gentle, and artfully done. Definely one I will read over and over again!

Only 15 minutes in to reading this, I'd already told myself "oh my god this is just too good"The concept around these two characters and their growing relationship, and Reid's attitude the entire way through the story was incredibly captivating. As always, another beyond enjoyable story from Amelita Rae. Would definitely recommend!!

This is actually an educational read mixed and hidden within romance. The research that Amelita did on the prison systems and state of the legal system's treatment of the less privileged is wonderful and thorough. I had heard through the news about some of these issues, but fleshing it out in a story makes the reality more approachable. A great read for its genre.
