Zac's Mulligan (Guarding The Gods Book 1)

Synopsis

Zac Mulligan is a former Marine now providing personal security for the infamous rock band, Black Ice. Seeing all the guys around him in committed relationships reminds him of his childhood best friend . . . the only person Zac has never managed to get out of his head or his heart. Ben Holland is an artist. Falling deeply in love with his best friend in his teens, Ben is left alone when Zac leaves him for the military. Ben heads off to college and lives his life out and proud as a gay man and creates a brand name for himself with his artwork. Throughout all the years that pass, Ben never forgets his childhood friend, Zac, or the feelings they once shared. Zac realizes a decade is too long for Ben not to have a presence in his life and finds Ben living on Cape Cod where they spent their summers as kids. Meeting each other as adults stirs up a lot of memories for both of them. Zac is looking for a mulligan, a redo over, with his childhood best friend. The question is: Can Ben find a way to put aside his old hurts and fully open his heart to Zac for a second time? Or maybe the past is something better left buried on the beach where it all began.

Customer Reviews

Anyone who's read Ann Lister's Rock Gods series I'm sure waited with their twitching one-click

fingers locked and loaded for the clock to strike midnight. You know what the best part is? This book will blow everyone awayâtheir Goddess absolutely, positively, with everything I can think of under the sun, hasn't let them down. Zac's Mulligan is the first book in the Guarding the Gods spinoff series. As the author promisedâto herself, as much as to her fansâwe'd not see the last of our boys from Black Ice mostly, with just enough Ivory Tower to take the edge off. Remember, this is about a whole new bunch of characters. These are the guys that put themselves out there protecting our rockers. Ok, first batter up is Zac Mulliganâex-military, now an employee for Ventura Security Group. Going back to the last book, Beyond the Music, Zac was wounded in the clusterf#ck of all that was Sebastian Keatingâknife-wielding, disgruntled, wannabe columnist ~ he's irrelevant after that because he doesn't deserve any more notability. There's someone that's been taking front and center in Zac's mindâBen Holland. Ben was his childhood friend, and by the time they graduated high school they had already turned into something more. With Lincoln's suggestion, Zac decides to see what Ben has been up to for the last ten years, as he heads back to the States to heal. Yes folks, ten years. A lot can change in ten years. As much as Ben and Zac have grown, each with an impressive resumeâBen is an accomplished and well sought-after photographer and artistâthey still exhume innocence, maybe something carried over and not lost from their youth since that's exactly where they left off with each other.

What can I say about this book that hasn't been said already in multiple other reviews? It's amazing. It's an epic love story between two bestfriends who grow apart, the gap so wide between them that Ben doesn't expect to ever see Zac again. If he does he might deck him, for taking his heart ten years earlier and smashing it into a million pieces. So, when he turns around and sees the one guy he never thought he would see again, standing on his balcony at his family cottage, he is pissed and turned on all at once. Yet, does it matter? How can he ever trust Zac again...and even if he could..why would this gorgeous man want him a broken scarred up man?âYou have no idea what youâre asking for,âhe answered with a disbelieving shake of his head. âThe ânot knowingâ where weâre going that makes this ride worthwhile,â Zac said. âGive us a chance, Ben. Christ, donât let this end before it even begins.â âYeah, and the final destination on that ride could destroy us both.â Zacâs fingers curled around the back of his neck. âIâm willing to take the risk. Are you?â Zac arrived at Ben's cottage with one, well maybe two things on his mind. First, he wanted to apologize to Ben for leaving like a thief in the night, that night ten years earlier when Ben shared himself with Zac. Second, he wants to try to get to know Ben again and hopes to build a relationship with him. Third, yes there is a third...he sees

Zac and he knows without a shadow of a doubt he wants this man and he isn't going to rest until he makes him his. So, this book is a slow burn, the sexual tension between these two gets so thick you could probably walk on it and the yearning they each have for each other just makes the build that much sweeter. See Ben is afraid - he doesn't want his heart trampled on again.
