# The Whole Lesbian Sex Book: A Passionate Guide For All Of Us

## Synopsis

The Whole Lesbian Sex Book was the first-ever sex guide to offer information and encouragement for all women who desire women &#151; lesbian, bisexual, butch, femme, androgynous, and transgender. First published in 1999, itâ™s been lauded for its thoroughness, enthusiastic tone, and creative, nonjudgmental approach to lesbian sex in all its rich variety. (Library Journal lamented, "Why canâ™t more heterosexual sex manuals be this good?") Now, five years later, sex educator Felice Newman has completely updated this classic guide. There is new information throughout, up-to-date research, fresh quotes from women who share their real-world experiences, a greatly expanded resource guide, new illustrations, and an entire new chapter on sex and partnership. Topics include: Where to find sex partners (and how to talk to your lovers about sex). Discovering your desires and fantasies. How to have all the orgasms you desire&#151; G-spot orgasms, multiple orgasms, extended orgasms, and ejaculation. Why communication is the most important erotic skill you can offer your partners. How masturbation can improve your sex life. Expert how-to information on cunnilingus, anal sex, vaginal fisting, and other favorite lesbian sex techniques. How to choose vibrators, dildos, and harnesses, and get the most out of your sex toys. And much more.

## Customer Reviews

Let me preface this review by saying that I'm a heterosexual man, who, up until about 18 months ago, had only enjoyed relationships with heterosexual women. And then in October of 2011, I

became involved with a bisexual woman, who had enjoyed lesbian relationships with several partners for much of her adult life. And while I consider(ed) myself fairly clueless about heterosexual women, my "cluelessness" soared to dazzling new heights with this bisexual / lesbian woman. As such, I invested a lot of concern about my ability to please this woman in the bedroom in view of the fact that she had had female partners, who I'm sure were infinitely more knowledgeable about pleasing a woman sexually than I am. In common with other men, who are involved with bisexual women, I sometimes grapple with the question "can a man possibly understand and please a woman as well as another woman"?. But I persevered and have spent a lot of time trying to understand what makes a bisexual woman / lesbian tick. With the above back story out of the way, I thoroughly enjoyed this book and it's certainly given me a better understanding of my girlfriend and lesbians / bisexual women in general. The book is written in a very straightforward and direct manner and covers everything from oral sex to BDSM to anal sex and everything else in between. And as some of the reviewers have commented, although it's written from a "woman to woman" perspective, there's a lot of information that is invaluable to a man re a woman's sexuality. In particular, I found a lot of the comments throughout the book from real bisexual women / lesbians particularly insightful. I also found many of the various links to lesbian / bisexual sites of interest and look forward to checking them out.
