I read "Fallout" (A Hell Hath No Fury book #1) with some trepidation because of the violence warning, but ended up really liking it even though at times it was heart wrenching so I went right into book #2 "Justice Scorned". I am waiting for #3. Honestly I would not say that it's the most believable plot, but none-the-less, it a good read. I suspected towards the end of book #1 that Nina was going to survive, so book #2 is primarily about her recovery and journey back to Alex when she does and then what it takes for her to rescue Alex from Meg. As much as I have enjoyed both books, I really wish that Jen would have just put a bullet in Meg's head and hope that after whatever happens in book 3 that Meg will forever no longer be a threat!!! That woman is evil!

I enjoyed this book so much that I finished it in one day. You should read "Fallout" before reading "Justice Scorned" to fully understand what Nina and Alex have gone through. Not as intense as the first book but still keeps you at the edge of your seat. Can't wait to read more from this author.

Thank you Ms Marra for this sequel....loved it! Now am waiting for the 3rd installment. This book was well written which kept me on the edge from start to finish...had to read it in one sitting, I just couldn't put it down lol. Oh, and the scene where Alex was at the cemetery, brought tears to my eyes.

What can I say, love it...Once I started reading it I couldn't put it down...it has its OMG moments..& the wipe your eyes moment.. your mind may tell you what to think but your heart may tell what you feel... ; great job.....)

Michelle Marra's second in the Hell Hath no Fury series is Justice Scorned and is every bit as intense as the first. From page one it grabs you and pulls you into the story in such a way that it makes you feel the same fear, anxiety, and pain as the main characters. I loved how this one played out and the ending left me, once again, hanging by a cliff from my fingernails. Marra really does know how to play the suspense like a fine instrument. Well written, realistic with characters you love and love to hate. Highly recommend!

Second book of a trilogy will leave you wanting more...As gritty and graphic as the first, journey through the emotions of remembering events that one shouldn't have to live through once let alone a second time, fighting everything and everyone to get back to the one you love and the child that you have never met. All the while trying to get revenge on the one person that took it all away from

you to begin with... You will feel every emotion that the characters feel and you will want to read more but you will have to wait....

I thoroughly loved this sequel to Fallout. I waited for it to be released and it took so long, I re-read Fallout so I could be completely up to speed when I went into this one. I only wish Michelle wrote faster. Now I have to wait to wait for the next sequel. Hurry, hurry

If you liked Fallout, you will enjoy Justice Scorned even more. once you start reading it, you can't put it down. It keeps you on the edge of your seat wondering what is going to happen next. I am looking forward to reading book 3 when it comes out. I gave this book a 5 star rating. I just loved it.
