Second To None: An Enemies To Lovers Contemporary Gay Romance (The Breakfast Club Book 3)

Synopsis

Nightclub owner Marcus Feldman never met a man he didn't love, at least for the night. Although his best friends have all found love, Marcus shuns their advice to commit to one man and settle down. His past has taught him monogamy and marriage is for fools, and Marcus is anything but a fool. Tyler Reiss's dream of dancing professionally is unexpectedly cut short and replaced by a different kind of love. He trades in his ballet slippers for go go boots, and spends his nights dancing at the hottest gay club in the city. Flirting with the customers for tips is easy, but resisting the dark and sexy Marcus is becoming harder to do with each passing day. Unforeseen circumstances bring Marcus and Tyler closer and though they give in to their mutual passion, both still struggle to guard their hearts. When crises threaten, Tyler and Marcus find their strength in each other rather than falling apart. Tyler must choose to either run, or stay and fight for the life he wants, while Marcus realizes that love doesn't mean losing himself and opens his heart, making him a better man in the end.

Customer Reviews

Marcus Feldman has driven me nuts for two books. His staunch refusal to become like his friends and fall in love made me desperately want him to meet his match. I couldn't wait to watch him fall hard for that one special guy. I wanted him to meet the man who would turn his world upside down and make him understand what his friends, Julian and Zach, found with their partners, Nick and Sam. I wanted him to meet the man he would come to crave and not be able to live without. That man is Tyler Reiss and he is perfect for Marcus. He's had it rough, suffering some disappointments and having to make some major changes in his life. Despite his attraction to Marcus, he refuses to be just another notch in Marcus's bedpost. He's not like anyone Marcus has ever wanted before and I loved the push and pull between them. Their chemistry was hot and their budding friendship was fun to watch. It was what they both really needed. I love how they slowly grew to care for each other. I couldn't have wished for a better story or a better man for Marcus. Every chapter had me riveted. I couldn't wait to see how the story played out but I also didn't want it to end. Felice has amazing characters and I love how she seamlessly incorporates them between series. We get some special guests in *Second To None* and it's like getting an unexpected visit from old friends.

All through this series the mystery man in the tightly bonded friendship of Julian, Zach and Marcus has been Marcus Feldman, the man in the black shirt on the cover (thank you Ms. Stevens for the answer to my question). He has been cast as the hedonist, totally irredeemable and cynical. There is an interesting parallel here with Micah Steinberg, one of the MCs of the first book of Ms. Stevens' previous series, *Memories*--and the wonderful thing is that both Micah and his now husband Josh show up here as important and amazing characters. Marcus has this hot gay nightclub called Sparks and he is rolling in money as well as well sculptured, gorgeous, clients and pole dancers. One of those dancers is Tyler Reiss, whose background and history we are not privy to until well into the first quarter of the book, and only because Marcus, in his inimitably crass way, asks the questions and makes the discoveries for us. There is a good deal of wait and bait and wait and see in the beginning of the book--and then the whole thing explodes into a fast-moving, angst-filled, self-doubting, thick-headed battle between two men who never let anyone inside, even each other, until it's almost too late. As is the case in many books like this, it's a child who races to the rescue, and Lilly is a cool four-year-old who beguiles not only her Uncle Tyler but also the sour Marcus and his friends. The circumstances and plot which develops are logical, very New York, and exciting in

every respect. This is another great ending to another great series by an author who has entered my personal Great MM Authors Hall of Fame.

Second to None is brilliant! Okay, I know you want more so here it goes. No amount of good intentions can make Marcus see what his friends tell and show him, love and commitment is not a death sentence for your soul's ability to experience fun, life, and freedom. Some things just have to happen for certain people to truly believe, and happen it does well eventually anyway. Life may not be exactly where Tyler envisioned for himself but that doesn't mean he isn't exactly where he needs to be. When these two cross paths, it is explosive, at least it was for this reader. Sometimes when couples meet and their chemistry is off the charts, for the reader at least even when the characters don't feel it yet, their journey can peak early and fall a little flat or remain status quo for the rest of the book but not this time. Felice Stevens brings us another great couple with this entry in The Breakfast Club.

I enjoyed all three books in this series, but this one really was THE BEST. I loved Tyler and I loved the Marcus that evolved once he met and started to develop feelings for Marcus. They were so good together, with none of the manufactured angst that comes from choosing to not communicate. It could have gone that way, but this author has more skill than that and the drama was more authentic. There was a bonus in this book for the people who read the Memory Series (Memories of the Heart) because Micah and Josh from that series play a significant role in this book. That was fun. And as usual, this author knows how to write clever, funny dialogue, which is my weakness in a book. Five stars for sure on this one!

Second to None is a totally captivating, heartwarming story of love and redemption. Two slightly broken men find each other and, against their better judgement, each finds something they've always needed in the other. Watching Marcus finally trusting that HEA's are possible whilst Tyler gradually breaks down his walls is a beautiful thing. Lillie bug is utterly adorable and gives a whole new insight into Marcus' personality. His previously self centred behaviour is explained and overcome. I absolutely loved this book and couldn't put it down 'til it's highly satisfying conclusion.
