# Dr. Blaylock's Prescriptions For Natural Health: 70 Remedies For Common Conditions

## Synopsis

**HEALTH SECRETS THAT CAN SAVE YOUR LIFE** Do you find your medical conditions don't get better and prescription drugs don't live up to expectations? No matter how you feel right now, Dr. Blaylock's Prescriptions for Natural Health will give you the lifeline you need. In this book you will discover the key diet and lifestyle factors you must embrace to achieve peak health and wellness; right now and in the years to come. Dr. Blaylock reveals:

- Specific supplement recommendations for nearly any health issue you could face
- How to fight back against the diseases of aging with a simple anti-inflammatory diet
- Why you must avoid specific substances in your food that can damage your brain, heart, lungs, and other organs; especially if you are over 50
- How you can drink your daily veggies without messy juicing
- Safe and effective natural remedies for a full range of conditions including cancer, brain and heart disorders, diabetes, digestive illness, skin problems, pain, and prostate concerns

Natural health encompasses two equally important aspects: specific remedies for what currently ails you, and the diet and lifestyle factors that enable your body to avoid disease and premature aging. This book is designed to help you address both points. A health condition, whether temporary or chronic, is a warning sign from your body that things aren't working the way they're supposed to, and that changes need to be made. With Dr. Blaylock's help, you will learn how to heal 70 health conditions, and identify and correct the underlying dietary and lifestyle habits that cause and perpetuate them. The book discusses diagnosis and treatment of dozens of medical conditions plaguing men and women: cancer, skin problems, brain and heart diseases, prostate disorders, diabetes, and many more. In addition, Dr. Blaylock reveals how to relieve common troubles such as pain, ringing in the ears, constipation and other digestive issues, vision problems, mood disorders, and other ailments. You will also see how natural products are superior to many pharmaceutical drugs, and learn more about the exciting new field of hyperbaric oxygen therapy. Unfortunately, mainstream medicine does not encourage or support optimal health. If you truly want to maintain a healthy body far into the future, read and follow Dr. Blaylock's advice today.

## Book Information

## Customer Reviews

I was very happy with this book. I appreciate his position on food quality and the role of supplements for preventing and helping with various diseases. One of my favorite things about the book was that he offers suggestions for how much of a certain supplement to take, as well as what brands he prefers and why. So often one reads books that suggest supplements but don't give that extra information. I am looking forward to trying his blenderized veggie drink on a more regular basis. I am no stranger to smoothies and healthy eating, but he has inspired me to make it a foundational part of my life. Sometimes people don't think they have the time to make a blended veggie drink on a daily basis so he suggests that you can make a large batch and drink it over the course of many days and he also says you can even freeze it. Those were useful tips. Thank you, Dr. Blaylock for this book.

Anything by Dr Blaylock is fantastic. He shines the light on what is really going on with our health...that is being hid from us. I love his book, "MSG: The Taste that Kills."

Dr. Blaylock's books are always fun to read. They're information to KEEP us healthy as well as GET healthy.

I purchase this book because I have been looking for was to get healthy and feel better with the aid of pharmaceutical meds. I have really enjoyed this book. I am not sure that I will be able to follow all of the advice but I am doing better with my diet and have gain a lot of knowledge on natural healing.

Very concisely written by Dr. Blaylock and the book is a wonderful reference book to have at home for checking on any ailment - simplest or the most complex. His suggestions for treatment using natural medication is refreshing.

This book provides some great information on how to treat certain conditions and to improve one's health. I was somewhat disappointed to find that the book was not indexed which will make it hard to go back and find points of interest. I am a fan of Dr. Blaylock's books.

Great alternative medical information!

Any book by Dr. Blaylock is worth the price.
