This book was given to me by one of the most wonderful human beings I have ever treated for addiction. I can still remember the trust and faith he had in me as a therapist and his openness to the 12 step program. He insisted that I take this book and use it to help others in recovery. What a gift recovery is and this book truly will help you on your journey. Prayer and meditation is a necessity if you are to maintain sobriety and develop a new way of living. However, remember it is spirituality we are after and we define that. Its not defined by any particular religion. They are both useful, but completely different. This book will help you on your spirital path to recovery. Highly recommended. And much thanks to my incredible client that gave me this book.

This is a wonderful gift to give to ANYONE (including yourself)- especially great for all who use a 12 step program. Have given at least 20 and constantly thanked for the thought.

This book is definitely a great buy for any one who wants to improve how they pray and their overall relationship with God. The book provides you with daily inspirational readings and prayers that are simply awesome!

Great book for anyone, especially if you are in a 12 step program. I give this book away for "anniversaries."

Amazing book, has many well-known prayers and many many new ones that I have never even heard once. Great book if you're looking for a little change or something new to recite in the mornings. Also gave me the opportunity to find a specific prayer for a specific feeling or worry I might be having. Mainly i love it because it adds new perspective to my life, and I like to take phrases from many prayers and form them into one large one, that sort of thing. Also I love the size, it's convenient and quaint.

Excellent resource for anyone but especially helpful to someone who wants prayers that are simple and very understandable. Also excellent for newcomers in AA and people looking to strengthen their spiritual self and grasp more about the teachings of AA.

It is ok. Not as good as expected. Looked at the 2nd volume sample but did not buy. It is not organized by step if you are hoping to give it to someone in a 12-step program. That is why I give it 3 stars. A random hodge podge of readings. On the other hand, if the intended reader does not already have a number of good daily meditation readers, then this one will be greatly appreciated by someone in recovery.

I read the daily prayer every night before I go to bed. It is a must for me. I love the way the month and day in the front of the book send you to random prayers throughout. If I follow that...I invariably find exactly what I am meant to find. Read it on your knees right beside your bed and it will send "angel bumps" down your arms. You won't be disappointed. You will feel connected! I have bought several as gifts for my friends in recovery and they love these prayers as well.
